## DESCRIPTION

## INTEGRATION

### **SAP Cloud Platform Integration Suite - Monthly Update - AM**

SAP Cloud Platform Integration Suite is SAP's strategic integration platform. It helps simplify integration by connecting people, processes, data, and devices worldwide while supporting a wide variety of integration approaches. You can take advantage of our out-of-the-box integration features for SAP integrations or use the Integration Suite to accelerate end-to-end integration scenarios across heterogeneous and hybrid landscapes.

In this webinar, we will provide an update on the key capabilities and latest enhancements released for SAP Cloud Platform Integration Suite. [Read more](#)

### **SAP S/4HANA Transformation Journey: The Value of SAP HANA Enterprise Cloud (April 16, 2020)**

With the intelligent enterprise as the destination, SAP HANA Enterprise Cloud (SAP HEC) is your fastest path. SAP HEC is a fully scalable and secure cloud offering only available from SAP, providing the customer with the full power of SAP S/4HANA in a flexible, secure, and scalable private cloud, managed cloud environment that is supported from infrastructure to applications. SAP HEC is an integral part of the overall SAP cloud portfolio that also includes powerful public cloud applications. Our full portfolio gives business executives the ability to manage their core business with increased agility, while bringing more than 40 years of experience in managing business processes.
